17. Please provide a concise, yet comprehensive, statement that explains the specific reasons for requesting the change(s). Include any documentation or assessment information available supporting this specific request.

The change to the course title and course description reflects how the field routinely refers to the material (that it incorporates more information than that specifically from the field of clinical psychology). The changes to the prerequisites, major restrictions, student classification, and removal of 18 hours in PSY courses are to align with changes to other courses in thematic areas as part of the larger undergraduate program change.
18. Clearly explain how the characteristics of this course meet or exceed those outlined in Course Level Characteristics. Complete this question only if requesting a course level change. (Copy and paste table from "Course Level Characteristics" document for the appropriate course level of proposed course. Document may be found on: http://www.uco.edu/academic-affairs/files/aacc/forms/CLC%20table4_07.pdf. NA)
