16. Course objectives for this course: (Please refer to instructional objectives documents at:

http://www.uco.edu/academic-affairs/faculty-staff/aacc.asp#FAQ/Helpful%20Hints)

If previously approved objectives will be used without any changes, check here

Existing:
- demonstrate understanding of principles of interaction design
- explore emerging technologies
- develop interactions that enhance and reinforce design concepts
- practice applying design problem solving processes to functionality components of interactive products
- demonstrate understanding of object states
- practice applying typography, composition, and layout skills in new ways and environments
- practice using principles of interaction design to guide design decisions

As they appear in the updated syllabus.

Proposed:
- Upon successful completion of this course the student will have:
  - Produced digital products and applications that demonstrate the principles of interaction design
  - Produced digital products and applications that explore emerging technologies
  - Produced digital products and applications that develop interactions that enhance and reinforce design concepts
  - Produced digital products and applications that practice applying design problem solving processes to functionality components of interactive products
  - Produced digital products and applications that utilize user experience research to direct design decisions and improve user interface interactions
17. Please provide a concise, yet comprehensive, statement that explains the specific reasons for requesting the change(s). Include any documentation or assessment information available supporting this specific request.

The needs of graphic design students have expanded beyond processing static information due to the growth of interactive products. To meet these needs, the graphic design program needs to include interaction in the processing and designing of information as web and digital applications are the main way end users are receiving information.

18. Clearly explain how the characteristics of this course meet or exceed those outlined in Course Level Characteristics. Complete this question only if requesting a course level change. (Copy and paste table from “Course Level Characteristics” document for the appropriate course level of proposed course.
