17. Please provide a concise, yet comprehensive, statement that explains the specific reasons for requesting the change(s). Include any documentation or assessment information available supporting this specific request.

The Department of English did not anticipate the number of non-majors who complete the course as an elective. Removing ENG 2383 as a prerequisite allows more students to take the course, which is of significant relevance and interest to students in a range of disciplines who are pursuing upper-division studies of contemporary culture. Adding enrollment restrictions aligns the course with course-level characteristics. The department proposes to change “Contemporary Literature and Culture” in the course description to “Contemporary Literature & Culture” to provide consistency between the course title and course description.

18. Clearly explain how the characteristics of this course meet or exceed those outlined in Course Level Characteristics. Complete this question only if requesting a course level change. (Copy and paste table from “Course Level Characteristics” document for the appropriate course level of proposed course.
