Proposal # (Academic Affairs use only)

S20khs13 Proposal # (College use only)

REQUEST FOR A COURSE CHANGE
University of Central Oklahoma

Course Subject (Prefix), Number, and Title:

Existing: KINS 5613 Clinical Education for Rehabilitation Techniques
Proposed: KINS 5613 Therapeutic Interventions III

Proposed Title: (full course title if longer than 30 characters)
KINS 5613 Therapeutic Intervention III - Clinical Rehab & Manual Interventions

Proposed change(s) to this course: Mark all that apply.

Credit Hour Level x Title x Description X Prerequisite Enrollment Restriction
x Other: Course Objectives; Concurrent Enrollment

CIP Code If changing, what is the new code?
For more information regarding CIP codes contact your department chair or visit:
http://www.uco.edu/academic-affairs/ir/program\_inventory.asp.

Course description:

As it appears in the current catalog. (required)

This clinical course will provide both lab instruction and clinical field experience related to treatment and rehabilitation of athletic injuries. Major content areas are conditioning, therapeutic modalities, rehabilitation, psychosocial and nutrition. Clinical skills will be taught and evaluated requiring the student to demonstrate a level of competency to complete this course. Travel is required and is the responsibility of the student. Prerequisite(s): Enrollment opened to Athletic Training majors only.

Existing: Concurrent enrollment in KINS 5523.

As it will appear in the next catalog or indicate no change. (Please use standard American English including full sentences.) Course descriptions only. Do not include prerequisites or enrollment restrictions, these should be added under questions 9-15.

This athletic training clinical experience course requires demonstration of rehabilitation interventions related to patient centered care. The students will select and apply therapeutic/corrective exercises and manual therapies for pre-op, post-op and patients with nonsurgical conditions. The course will provide both a didactic lab and clinical patient/client care opportunities for hands-on learning as it relates to rehabilitation interventions supervised by a preceptor at an athletic health care facility. Travel will be required and is the responsibility of the student.

- Does this course have an undergraduate / graduate counterpart?  
 Yes  No
- Is this proposal part of a larger submission package including a program change?  
 Yes  No
- Does this course affect a teacher preparation program? (All courses required for any teacher preparation program must have approval from the Council on Teacher Education (CTE) before approval from AACCC or Graduate Council.)  
 Yes  No If **yes**, send copy of proposal to the Education Curriculum Committee Chair, Dr. Darla Fent  
 CTE Approval (Stamp or initial) \_\_\_\_\_
- Is this course currently listed in the University Core?  
 Yes  No If you wish this course be listed in the University Core, submit University Core course proposal.
- Is this course a prerequisite for any other course(s)?  
 Yes  No If this change affects the prerequisite, complete course change proposal to delete or change prerequisite.
- Is this course a requirement in any major or minor?  
 Yes  No If this change impacts the requirement of any major or minor, complete program change proposal.
- Does this course affect majors or minors outside the department?  
 Yes  No If **yes**, provide name(s) of department chair(s) contacted, the dates, and the results of the discussion.

8. List all majors or minors which include this changed course as a requirement or elective.

(list major or minor by title not major code)

Master of Athletic Training

9. Prerequisite courses:

Will the prerequisite courses change?  Yes  No If yes, fill out below, if no leave blank.

NOTE: Adding a "new course" as a prerequisite to an existing course will likely cause enrollment problems.

As listed at the end of the course description in the current catalog. (Required)

Existing: None  
 Proposed: KINS 5523

Example 1: MATH 1213 and (MATH 2165 or MATH 2185) and CHEM 1213  
 Example 2: (ACCT 2113 and 2213) and (MGMT 3013 or 3613)

Example 3: 8 hours of biology including BIO 1404

10. Co-requisite(s): Prerequisite courses that may be taken in the same semester.

Will the co-requisite(s) change?  Yes  No If yes, fill out below, if no leave blank.

As listed at the end of the course description in the current catalog. (Required)

Existing: \_\_\_\_\_  
 Proposed: \_\_\_\_\_

11. Concurrent enrollment: Courses that must be taken the same semester. Example: lab courses.

Will the concurrent enrollment change?  Yes  No If yes, fill out below, if no leave blank.

As listed at the end of the course description in the current catalog. (Required)

Existing: KINS 5523  
 Proposed: KINS 5733

12. Does this course currently have enrollment restrictions?

Yes  No If adding or changing enrollment restrictions answer questions 13-15. If not changing or add enrollment restrictions leave questions 13-15 blank.

13. Specify which major(s) may or may not take this course.

Will the major(s) restriction change?  Yes  No If yes, fill out below, if no leave blank.

Specifying a major, excludes all other majors from enrolling.

**Existing** (as appears in current catalog)

16. Course objectives for this course: (Please refer to instructional objectives documents at:

<http://www.uco.edu/academic-affairs/faculty-staff/aacc.asp#FAQ/Helpful%20Hints.>)

If previously approved objectives will be used without any changes, check here

As they appear in the course syllabus.

Existing: **ATHLETIC TRAINING COMPETENCY COURSE OBJECTIVES: The student will understand, explain, demonstrate, apply, synthesize and evaluate related skills associated with the content knowledge areas of: (See Central Six 1). NATA Professional Education Council (PEC) course objectives handed out separately.**

1. Prevention and Health Promotions – Conditioning/Fitness testing and assessment, Nutrition
2. Therapeutic Interventions -Rehabilitative Exercises
3. Therapeutic Interventions -Therapeutic Modalities
4. Psychosocial Skills and Referrals

Athletic Training Educational Competencies, 5th ed. assigned to this course are:

Content Area

	Competencies		Clinical Integration Proficiency
	2 <sup>nd</sup> Instructed	2 <sup>nd</sup> Evaluated	1 <sup>st</sup> Evaluated
Prevention and Health Promotions: PHP	27 - 49	27-49	CIP 1
Therapeutic Intervention	2,8-15, 19, 20	2,8-15, 19, 20	CIP 4
Psychosocial			CIP 7

As they will appear in the updated syllabus.  
Proposed:

The objectives of this course align with the Central Six Tenets of Transformative Learning and CAATE Standards.

**Central Six Tenets of Transformative Learning and CAATE Standards:**

A. Central Six Tenets of Transformative Learning

<http://sites.uco.edu/central/tl/central6/index.asp>

The UCO Central Six Tenets promote the mission of student learning by providing Transformative Learning experiences so that students can become productive, creative, ethical, and engaged citizens and leaders.

1. Discipline Knowledge
2. Global and Cultural Competencies
3. Health and Wellness
4. Leadership
5. Research, Creative, and Scholarly Activities
6. Service Learning and Civic Engagement

B. Commission on Accreditation of Athletic Training Education (CAATE) <https://caate.net/pp-standards/>

The Standards for Accreditation of Professional Athletic Training Programs (Standards) are used to prepare professional athletic trainers. The 2020 Standards have the six core competencies with sub-competencies within each area. The core competencies and sub-competencies are:

- A. Patient-Centered Care
- B. Interprofessional Practice and Interprofessional Education
- C. Evidence-Based Practice
- D. Quality Improvement
- E. Health Care Informatics
- F. Professionalism
- G. Patient/Client Care
- H. Prevention, Health Promotion, and Wellness
- I. Health Care Administration

**Course Objectives:**

Upon successful completion of the course the student will be able to:

- I. Advocate for the health needs for the rehabbing patient. *I, 3, A, G, H*
- II. Identify health care delivery strategies that accounts for health literacy and social determinants of health as it relates to rehabilitation. *I, 2, 3, A, G, H*
- III. Communicate effectively with the patient, families, care givers, health care professionals. *I, 2, 3, A, G, H*
- IV. Use the International Classification of Function, Disability and Health (ICF) as a framework for delivery of patient care and communication about patient care related to rehab. *I, 3, A, C, G, H, I.*
- V. Understand and use evidence-based practices to in establishing care plans for rehabilitation patients. *I, 3, A, B, C, G, H, I.*
- VI. Apply contemporary principles and practices of health informatics for rehabilitation patient care. *I, 3, A, G, H*
- VII. Develop a rehabilitation care plans for patients. *I, 3, A, G, H*
- VIII. Select and incorporate therapeutic rehabilitation interventions into patient centered care. *I, 3, A, G, H, I*
- IX. Learn how to establish a working relationship with physicians and other health care professional on the rehab care team. *I, 3, A, B, G, I.*

---

17. Please provide a concise, yet comprehensive, statement that explains the specific reasons for requesting the change(s). Include any documentation or assessment information available supporting this specific request.

The Commission on Accreditation of Athletic Training Education (CAATE) has developed new accreditation standards. The new 2020 Standards for Accreditation of Athletic Training Education have new areas of Foundational Knowledge and Core Competencies, as a result the title, course description, prerequisite, concurrent enrollment, and objectives need to reflect those changes. The changes will help in the Accreditation process. The complete list of new 2020 Standards can be found at <https://caate.net/pp-standards/>.

---

18. Clearly explain how the characteristics of this course meet or exceed those outlined in Course Level Characteristics. Complete this question only if requesting a course level change. (Copy and paste table from "Course Level Characteristics" document for the appropriate course level of proposed course. Document may be found on: [http://www.uco.edu/academic-affairs/files/aacc/forms/CLC%20table4\\_07.pdf](http://www.uco.edu/academic-affairs/files/aacc/forms/CLC%20table4_07.pdf).)

**5000 LEVEL COURSES**

Course Level Characteristics	Please describe how this course meets this requirement.
<p>1. It is assumed that students in these courses have acquired the ability to use language effectively, to engage in analytical thought and creative processes, and to use information and bibliographic sources with skill.</p>	<p>This course will challenge students to read and analyze current rehabilitation research and best practice skills related to patient centered care and outcomes. The student will learn to diagnosis using clinical reasoning skills and document finding in patient records using effective written skills and communicate with the patient using effective verbal skills.</p>
<p>2. It is assumed that students in these courses have achieved a significant level of maturity in the discipline, evidenced by a considerable background of knowledge.</p>	<p>Content knowledge and skills will be at the graduate level and this course will challenge and develop the student's ability to demonstrate content knowledge using high levels of clinical reasoning that is only acquired over time and practice.</p>
<p>3. These courses should be more than a mere extension of undergraduate courses. Rather, they should be qualitatively different. At a minimum:</p> <ul style="list-style-type: none"> <li>a. Students should be required to undertake original scholarly/creative activity.</li> <li>b. Students should assume greater responsibility for mastering the subject matter.</li> <li>c. Close working relationships should exist between instructors and students.</li> </ul>	<p>The course is a health care related clinical rehab and corrective exercises course utilizing high levels of learning. The students will demonstrate this during clinical integrated learning of skills and techniques along with scholarly projects. This course will utilize self-directed learning modules outside of class and utilize class time for integrated skill acquisition supervised and mentored by the instructor.</p>
