Change in degree designation from M.S. to M.A.T.

Increase in admission requirement for undergraduate hours completed prior to admission from 19 hours to 41 hours from identified courses.

Curriculum changes including: 1) the program's graduation semester hour requirement is changing from 45 semester hours to 50 semester hours; 2) the program is removing two course, KINS 5233 and KINS 5393 and replacing KINS 5233 with HLTH 5xx3 Qualitative Methods; 3) the program is adding four new courses, two Interprofessional Education and one additional Examination & Diagnosis course (Exam & Diag III) plus the much needed culminating capstone course, KINS 5xx3Transition to Practice; 4) seven new pre-requisites course are required in addition to the six courses currently required.

8. The reason(s) for this change are based on which of the following: (Check all that apply; explain and document in Question #10)

- Specialized Accreditation
- SSCI (Self Study for Continuous Improvement)
- Benchmark (e.g. comparison to peer institutions)
- Assessment Data
- Faculty Knowledge/Discipline Expertise
- Advisory Board/Outside Professional Group
- Other

9. For all items checked in Question #9, please provide a concise, yet comprehensive, statement that explains the reasons for requesting the change including any necessary documentation. (The information provided here will be submitted to the OSRHE)

In the new Commission on Accreditation of Athletic Training Education, 2020 Standards for Accreditation of Professional Athletic Training Programs, Standard 20 reads:

Standard 20 Professional programs result in the granting of a master's degree in athletic training. The program must be identified as an academic athletic training degree in institutional publications.

Annotation The CAATE recommends a Master of Athletic Training degree. The degree must appear on the official transcript, similar to normal designations for other degrees at the institution. International programs must use language consistent with the host country's nomenclature and have CAATE approval of that language

The two other programs in the State of Oklahoma, OSU and University of Tulsa have changed

## their degrees to Master of Athletic Training

The program's graduation semester hour requirement is changing from 45 semester hours to 50 semester hours. The program is removing two course, KINS 5233 and KINS 5393 and replacing KINS 5233 with HLTH 5xx3 Qualitative Methods (this course will be offered in Block II of the spring in a hybrid format.) The program is adding four new courses, two Interprofessional Education courses (IPE I & II will meet the new Interprofessional Education CAATE standard for collaborative learning and practice) and one additional Examination & Diagnosis course (Exam & Diag III) plus the much needed culminating capstone course, Transition to Practice.

As part of the New 2020 CAATE Standards, seven new pre-requisites course are required in addition to the six currently required. The prerequisite course are changing from six course (at least 19 Hrs.) to 13 courses (at least 41 Hrs.) The CAATE is now requiring Biology, Physics, Chemistry, UG research, Fitness /Conditioning, Medical Terminology and Psychology. This change is reflective of athletic training aligning with other health care professions.
