

View and convert old Flash (.swf) files

Viewing

Referred to by Adobe as "content debuggers", these applications function as standalone desktop Flash players. The apps can be downloaded at the link below.

Converting

Once the flash player is installed, you can use it in conjunction with the capture utility in the Windows gaming overlay (Win+G) to record playback of the SWF file. Note that this does not work with all PC graphics hardware.

[Contact systems support](#) if you need assistance in converting legacy Flash video content.
